Interview

1. What are you most proud of doing in 2024?

I am most proud of the work that I did renovating our house and building a new garage.

2. What do you want to do in 2025?

In 2025, I want to spend time with family, travel, and work on my hobbies. This year, I want to spend more time woodworking since I finally have the space to do it after building the garage. I also want to garden in the summer and make maple syrup in the spring.

3. What do you want to learn more about?

I want to learn more about gardening and preserving food. Since retiring, I have been able to spend more time on my hobbies like gardening, and after a successful year, I am excited to see what I can accomplish this year.

4. What is your favorite pastime right now?

Right now, my favorite pastime is ice fishing.

5. What do you like most about where you live?

My favorite places where I live are all about nature and space. I like not having close neighbors, and I love the peace and quiet that we have. I also like living on a river and being able to spend time on it in the summer. I like having all four seasons and the different things that I am able to do in each season (i.e. boating, fishing (ice or not ☺), gardening, bird watching)

6. Where is your favorite place to go on vacation?

My favorite place I've been on vacation is Alaska.

7. If you could live anywhere, where would you choose and why?

If I could live anywhere, I would live in Southern California. I love the weather and being near the ocean. I also like the culture of Southern California and the more laid-back vibe.

8. Tell me about a hobby that you are excited about.

I am excited about starting beekeeping this year. I've been interested in beekeeping for a few years, and I like the positive environmental benefits that come along with it. I am excited to build the bee boxes this spring and try something new.

9. What is your favorite childhood memory?

My favorite childhood memory is going on family road trips with my mom and dad.

10. What is your favorite food? Why?

Right now, my favorite food is homemade ice cream. I got an ice cream maker for my birthday. Check out some of my favorite ice cream recipes!

Biography

Meet Jeff!

Jeff Theis is a 56-year-old retired father of two who has been married for 28 years to his wife, Marcey. Jeff lives in Aitkin, Minnesota, at what was the family cabin. In 2021, Marcey and Jeff decided to sell their longtime home in the Minneapolis suburbs and move two hours north to their favorite spot nestled on the Mississippi River. Recently retired, Jeff keeps busy with his many hobbies and spending time with family and friends. In the winter, Jeff likes to ice fish, especially on Red Lake, which is even farther north. He is also in the bowling league, with admittedly mixed performances. In the spring, Jeff likes to make maple syrup by tapping the many maple trees that line the river outside of their house. He also plants his garden, which he carefully tends all summer. Some favorite things to grow include zucchini, tomatoes, squash, and watermelons. This year, Jeff is going to try his hand at beekeeping, which the whole family is excited about (and to reap the rewards of a local honey source). Jeff plans on making the bee boxes himself in his newly built woodshop, where he likes to build small and medium woodworking projects, from breadboxes to bee boxes to bunk beds.

A newfound hobby and interest of Jeff's is making ice cream. After getting an ice cream maker as a gift, Jeff has been experimenting with all kinds of delicious flavors. Click below to see some of his favorite ice cream recipes!
